**BACK FROM PHOENIX**—Attorney L. Kearney returned Thursday evening from Phoenix where he had been on legal business. **IN MEMORIAM.**  
Whereas God in his infinite wisdom has called from us our beloved sister and companion Elizabeth Simpson, and whereas, her demise has created a vacancy in her home and among her loved ones that can never be filled, and Cresent Temple 10 Pythian Sisters have lost a most faithful and worthy sister.

Therefore, be it resolved by Cresent Temple Pythian Sisters that we bow with submission to Him, who doth all things well, and extend to the bereaved family and relations of Sister Simpson, our deepest sympathy in this hour of sorrow.

Be it further resolved that this resolution be published in the Copper Era, and a copy be tendered to the bereaved family and also spread upon the minutes of Cresent Temple.

Committee, Mrs. Pearl Hill, Mrs. E. A. Anderson, Vina C. Farrell.

**SONG HITS IN "CAMPUS"**—Among the song hits in "The Campus" which comes to the Armory on Wednesday evening next are the following: "How-de-doo," "Is Everybody Happy," "I Leave It To You," "The Same Old Love," "Before You Are Old," "The Lily and the Rose," "The Pipe and Stein Song," "Spooks," and "On the Old Gym Steps." Those songs are mostly of the whistleable variety and have become very popular. "The Campus" is in three acts, the first being the campus, the second that of Bobby's apartments, and the third is on the campus again. The settings are attractive.

**CLIFTON 10; MORENCI 4**  
The ball game between Clifton and Morenci Sunday which was played on the Morenci grounds, resulted in an overwhelming victory for Clifton. Clifton scored in nearly every inning and Morenci, but was knocked out of the box in the second inning, being replaced by "Red Bird" Red had considerable trouble in finding the plate however and was issuing free passes regularly.

Mason for Clifton was the star at the bat, securing four hits out of as many times at bat, two of them being triples. Billingsley and Grimes also did good work with the bat and in the field. The only excuse Manager Walker could offer for the poor showing of his club was that he could not get the men he wanted but that it would be a different tale next Sunday.

Morenci will be down Sunday and try to redeem last Sunday's defeat, but with the lineup Clifton has now, Morenci will have to go some. As this will practically be the first game of the season down here a good crowd is expected. The boys will be under quite an expense in bringing Morenci down and we would like to see every fan in town attend and help them out.

**A GREAT NEW MUSICAL COMEDY**  
It would seem that the limit of originality has been reached in the construction of new musical comedies were it not for the fact that every now and then, there is a new discovery made in this profitable field of theatrical endeavor. Difficult as the problem of newness, it has been solved successfully by Walter De Leon, the young California author-composer-actor, who has written an entirely new and original musical comedy entitled "The Campus," which Ferris Hartman will bring to Clifton on the evening of April 24, at the Armory Theatre. This is the first time that Ferris Hartman has appeared here and there is no doubt that the reception he will be greeted with will induce him to return again each season with a new piece. Accompanying Mr. Hartman will be Walter De Leon the author and composer of the play, and Miss "Muggins" Davies, the charming soubrette. Those two young people have just concluded an Eastern tour in "The Campus" and bear the highest testimonials from the press and public of Denver, Kansas City, St. Louis, and Chicago. The company which has been provided in support of Mr. Hartman is large and capable and contains nearly all the cast that originally appeared in the piece, during its long run of 212 performances in Los Angeles. The chorus is made up equally of boys and girls, and is the best singing chorus for musical comedy seen here in a long time. Mr. De Leon is a graduate of the University of California, and it is particularly fitting that his first play should be a reflex of his college experiences. The music of "The Campus" next perhaps to the comedy element, is considered its greatest charm, for it is bright, clever and original. The Los Angeles Record, in speaking of "The Campus" said: "The Campus" is a decided musical triumph because it has a real plot, bright dialogue, situations that are not the old hackneyed ones found in most performances of its class. It contains real characters that stand out plainly in ones mind after you have left the theatre. The music besides being catchy is excellent. You can take some of the tunes home with you and whistle them and yet the music is above the average popular stuff. The time of our youth is the best part of our lives and "The Campus" is full of this glorious spirit. Mr. Hartman is to be congratulated upon having selected such a clan, wholesome, down-to-the-minute musical comedy for the purposes of his present tour and there is no doubt of its immediate success here.

## KINNEY BILL IS BEFORE SENATE FOR PASSAGE

(Continued From Page One)

and treasurer, showing in detail the disbursements of funds.

"I notice," declared the Maricopa senator, "that Yavapai county has had its share of the state road expenditures, and much of the work." I have in mind particularly the Silver Mountain road, which is of any thing but general benefit."

Cuniff was on his feet in a hurry to defend Yavapai, and insisted that road work in his county, much of it, had been forced down the throats of Yavapai county, and that the people were indignant over the situation. The Maricopa senator set the senate laughing by remarking that it was too bad Yavapai's indignation did not become more acute just prior to the expenditure of a great sum charged to that county on the records of the engineer's office.

By a vote of 13 to 5, the bill was ordered engrossed.

Kane, of Greenlee, introduced a bill to provide for a governor's mansion site, and appropriating \$15,000 for the purchase of the same. The board is to consist of three members, and the site under consideration fronts the capitol grounds.

A bill which gives farmers and stockraisers the right to slaughter cattle in a number not to exceed five, and retail the beef without being subject to a license, passed the House this week. The right is also conferred upon farmers and produce growers to market their wares without paying a license. The bill is aimed at the law passed several years ago at the behest of the beef trust, which makes it a crime for a farmer to slaughter beef and retail a part of the animal to his neighbors. Evidently from the unanimous vote this morning on the Johnson bill, the beef trust is not as strong with this legislature as it has been with legislatures in the past.

**Important Mining Bill**  
One of the most important bills so far introduced in the House is the measure which was presented by Mr. Jacobs of Maricopa this morning and which is designed to increase the amount of taxes collected from mines.

Under the present law each producing mine in the state is compelled to submit a report of the bullion taken out in the course of the year and the value of the mine is fixed for the total output.

Under the Jacobs bill this amount is increased fifty per cent, thus doubling the value of all producing mines as far as taxation is concerned.

**Horticultural Commission**  
Governor Hunt has sent to the Senate, but the same have not yet been read, nominations of Andrew Kimball of Thatcher; W. K. Bowen, of Mesa and R. H. Forbes of Tucson to be members of the state board of horticulture.

**Cuniff Opposes Worsley**  
Taking the word of President Cuniff as authority, Arizona is to become a socialist co-operative commonwealth, if the people vote into action the amendment which both houses of the legislature have agreed to submit to the people.

After several hours' debate, the senate this afternoon, by a vote of four to thirteen, passed the Worsley bill for submission of a constitutional amendment which would give to the state and to municipalities the right to engage in industrial pursuits. The action taken was on the senate bill, the house bill having passed that body last week, and is now in a senate committee so further action on the legislative subject involved is necessary and opponents of the measure say some changes may yet be made.

**Board is Made Elective**  
The bill creating a board of equalization was on the boards all day in the senate, and gave an opportunity for considerable argument. The great question was over the proposal of the finance committee to amend the bill making the board elective instead of appointive. Such was done after some argument, the Cochise senators being the only ones favoring an appointive board when the roll was called.

## WOMAN SUFFRAGE DEFEATED

A bomb was thrown into the ranks of the woman suffrage advocates on Saturday of last week when the Senate refused to adopt the bill for the submission of the woman suffrage constitutional amendment to a vote of the people. It had been taken for granted that the Senate would follow along the path of the House representatives in this matter and that when the general election was held this fall the voters would decide whether or not women should vote in Arizona. Senator Chase of Greenlee county had the distinction of putting the "Kibosh" on the Woman Suffrage proposition. When the roll was being called Chase passed his vote for the time being. When the roll was completed the clerk announced that it was a tie—nine and nine. The name of the Senator from Greenlee was then called and he voted NO. The vote by which the proposed amendment was defeated was announced: Ayes 9, Nays 10, as follows: Ayes—Brown, Davis, Hechtman, Hubbell, Hughes, Pace, Willis, C. B. Wood, and Worsley—9. Nays—Breen, Chase, Harrison, Kinney, Lovin, Roberts, Sims, Wessel, Homer, Wood, and Mr. President—10. The advocates of Woman's Suffrage propose now to submit the question to the voters by means of an initial petition which will soon be in circulation in every county in the state. Legislature

The Senate this week adopted another resolution which was wired to

Arizona representatives at Washington, informing them that the Senate still urged adverse action on the Sloan confirmation as Federal judge for Arizona.

Bills passed this week by the House included one by Lewis submitting an amendment to the Constitution permitting the state to engage in industrial pursuits; another making it illegal for shift bosses to extract payment of any fees from men seeking employment. A bill by Representative Whipple which provides for a scholarship in the Tucson university from each county and appropriating the sum of \$15,000 annually for each scholarship was also passed.

The Governor has sent to the Senate the nominations of Ora Staley, of Globe, A. K. Stabler, of Phoenix, and E. A. McSwiggen, of Prescott, to be members of the State Board of Education.

Senator Chase, of Greenlee county, has introduced Senate Bill No. 109, providing a game law for the state.

The governor has announced the appointment of a State board of pharmacy as follows: Fred Fleishman and George Martin, Jr., of Tucson; A. G. Hulett of Phoenix; J. A. Dines of Tempe; T. L. McCutcheon of Yuma; O. O. Hammill of Douglas and Will Marlar of Flagstaff.
